Lacrosse, Gianna Molla, HOSA, Environmental club, and Coffee club.

After graduation plans:

Go to college in Florida and make many memories with a bunch of my friends. I am majoring in biology in the pre-med track. I also hope to do some traveling to see the world. But I think for now, I have no idea what's yet to come.

Favorite memory at SCA:

When Mrs. Kirwan made my sophomore theology class chocolate chip pancakes. They were so good!

What I will miss most:

Being close with everyone and sharing laughs with them.
