

Class of 2020

#SCAstars #SCAseniors #SCAsisterhood

Parish:

St. William Parish

Middle School:

St. William

What I will miss most:

What I will miss most is playing sports, joking with my teachers, and especially all of my incredible friends. All the times laughing and crying with my friends made it worth going to school everyday. Thank you all for supporting me and making these 4 years at SCA so special!

Extra-curricular activities included:

Varsity Basketball, Varsity Softball, Visual Art Appreciation Club, NHS, & Repco

After graduation plans:

I will be attending Grand Valley State University to study Film & Video. After graduation, I hope to move to either California or Atlanta to start off my career in the production of movies and/or tv series.

Favorite memory at SCA:

One of my favorite memories at SCA was when my dad was President and I would sneak into his office to take naps. I want to thank him for help building the school, and for being there everyday my freshmen year when I was terrified of this new environment. As a freshmen, he gave me the reassurance and confidence I needed to meet my now amazing friends and become a strong student. I couldn't ask for a better school and a better dad!

Upon Knowledge, Follows Love.
