

# Class of 2020

#SCAstars #SCAseniors #SCAsisterhood

**Middle School:**  
Northville Montessori Center

## *Extra-curricular activities included:*

National Honors Society, HOSA

## *After graduation plans:*

I am studying chemical engineering at the University of Michigan in the fall, with plans to go to medical school.

## *Favorite memory at SCA:*

I had the most fun and the most laughs during HOSA states and the senior retreat.

## *What I will miss most:*

I am certainly going to miss being in such a warm and caring community of friends and teachers. On a lighter note, I will miss making some great "conspiracy theories" with Mrs. Klee.

*Upon Knowledge, Follows Love.*
